1 Definitions

1.1 State

A state is one of the eight states and territories in Australia:

- Australian Capital Territory
- Northern Territory
- New South Wales
- Queensland
- South Australia
- Victoria
- Tasmania
- Western Australia

1.2 State body

A state body is one of the member organisations of Sport Climbing Australia:

- Sport Climbing NSW/ACT Inc.
- Sport Climbing QLD Inc.
- Sport Climbing SA Inc.
- Sport Climbing TAS Inc.
- Sport Climbing VIC Inc.
- Sport Climbing WA Inc.

1.3 State Title

The state title is the competition recognised as such by the state body in that state and Sport Climbing Australia. State Title Events are governed by Sport Climbing Australia regulation and policies.

1.4 State of residence

The state of residence for each competitor is as declared when signing up for a membership with Sport Climbing Australia.

The state of residence cannot be changed during a calendar year.

At a state title, competitors with that state of residence are state competitors. Other competitors are interstate competitors.

1.5 State Ranking

The state ranking is determined by the results at state titles. Interstate competitors do not count in the state ranking.

1.6 International Competitors

International competitors are non-Australian citizen competitors not currently residing in Australia.

2 National Lead - Open A Category

2.1 Selection Quota per state

2.1.1 Principle

The selection quota will be made of three components:

- A representation component: to ensure each state is represented
- A participation component: to reflect the level of participation in the state
- A performance component: to reflect the performance of the state in the previous year

2.1.2 Representation component

Each state will be given a minimum quota of three participants.

2.1.3 Participation component

The number of individual members in a state will allow for an extra quota for that state. Number of members will be based on the previous year's total number of members at the end of the calendar year.

Number of Members	Extra quota
0 to 50	0
50 to 100	1
100 to 150	2
150 to 200	3
200 to 250	4
250 to 300	5
More than 300	6

2.1.4 Performance component

The number of climbers from one state placing in the top 12 in Open A at last year's lead national event will allow for an extra quota for that state. One extra quota will be offered for each climber placing in the top 12.

For example, if a state has three members in the top 12 in the previous year, they will have three additional participants in their quota

2.1.5 State without a state title

States without a state title are only entitled to the representation component and the performance component. They are not entitled to the participation component of the quota.

2.1.6 Hosting state

The state hosting the national title event will be offered an extra quota of two places.

2.1.7 Selection Quota

For 2018 this translates into the following quotas for each state for Lead Nationals

State	Open A Female					Open A Male				
	Rep	Part	Perf	Host	Quota	Rep	Part	Perf	Host	Quota
ACT	3	1	1		5	3	1	0		4
NT	3	0	0		3	3	0	0		3
NSW	3	6	5		14	3	6	8		17
QLD	3	3	2		8	3	3	2		8
SA	3	1	1		5	3	1	0		4
VIC	3	2	1	2	8	3	2	2	2	9
TAS	3	1	1		5	3	1	0		4
WA	3	3	1		7	3	3	0		6
TOTAL					55					55

2.2 Selection Criteria

2.2.1 Automatic selection

Competitors placing in the top 3 in their state ranking are automatically selected. This will be counted as part of the quota for each state.

Australian Champions are automatically selected. This will be counted as part of the quota for each state.

If the competitors selected via automatic selection do not wish to participate the quota will be open to other competitors for selection under 2.3.2. The state body will determine an appropriate deadline for competitors to accept their place.

2.2.2 Other selection

The state bodies will be responsible for selecting athletes outside of the automatic selection scheme in 2.3.1 to fill the quota and may use the most appropriate selection method for their state. In particular this will allow selection for those who did not qualify at their State Title due to being a key part of their state title (e.g. competition organiser or key route setter).

2.2.3 State body responsibility

The state body is the primary point of contact for all competitors living in their state. The state body will coordinate the selection and communication with their competitors. This includes the development of internal selection criteria with the highest level of objectivity. Also, the state body will determine deadlines for application to participate in the National Championships.

2.2.4 State without a state body

A state may not have a current state body if there is no organisation within the state recognised as a member state of Sport Climbing Australia or if the member state in that state is currently suspended. Competitors residing in a state without a state body will be required to apply for special consideration.

2.3 International Competitors

2.3.1 New Zealand and New Caledonia Participants

A quota of 2 participants in Open A male and 2 participants in Open A female is allowed. Competitors will need to be selected by their National Sporting Organisation (CNZ and FFME NC). The national sporting organisation will organise registration directly with Sport Climbing Australia.

2.3.2 Other International Competitors

Other International competitors are required to apply for special consideration via email at info@sportclimbingaustralia.org.au.

2.3.3 Youth B competitors in the National Team

Youth B competitors in the National Team are allowed to participate in the Open A category. Please contact info@sportclimbingaustralia.org.au to receive registration details.

2.3.4 Special Consideration

Special consideration may apply in exceptional circumstances at the discretion of Sport Climbing Australia. Please contact info@sportclimbingaustralia.org.au.
