SPORT CLIMBING AUSTRALIA

1 INTRODUCTION

Being part of the Australian Sport Climbing Team is the highest level of excellence for Sport Climbing in Australia. It is also a great responsibility as it involves representing Australia at international events.

This policy seeks to continue the pursuit of:

- High expectations
- High levels of commitment to effort
- High levels of support for committed athletes and rigorous assessment of their commitment to the sport.

Sport Climbing Australia (SCA) expects all athletes who are offered and accept a position on the Australian Sport Climbing Team to commit to representing Australia at International Events. It is the responsibility of selected athletes to ensure that they comply with this policy, including attending required selection events and otherwise complying with all applicable terms and conditions by the relevant deadlines.

As part of SCA's Coaching and High-Performance strategy, this Policy will be reviewed annually and amendments may be made to ensure the Policy provides the best possible outcome for Australian Sport Climbing.

The SCA National Selection Panel (Selectors) will select athletes who it considers in its absolute discretion will have the best chance of meeting the following two objectives:

- athletes who will produce the best results at World Cup Events, World Championships and Olympic Games; and
- athletes with potential to progress towards better results at future World Cup Events, World Championships and Olympic Games.

SPORT CLIMBING AUSTRALIA

An athlete will not be considered for selection while under SCA suspension.

Any athlete who, after 1 January 2010, has been found guilty of an ADRV and where the consequent penalty applied is a two-year suspension or greater, will no longer be eligible for consideration for selection to an ASCT for the duration of the penalty issued. On a case by case basis, SCA may extend the non-eligibility to a longer period.

Any athlete who is currently under investigation because of any indictable criminal charge (even where such charge has been heard summarily) having been brought against them or is currently serving a penalty issued by the Courts because of an indictable criminal charge being proven, will not be eligible for consideration for selection to an ASCT, unless he/she is able to satisfy the Board of SCA (at its sole discretion) that exceptional circumstances apply. Where the Board is satisfied that exceptional circumstances apply, the athlete may be considered for selection in the National Sport Climbing Team in accordance with the selection criteria set out in this document. Any request for the Board to consider an athlete's circumstances must be submitted to the Board in writing.

2.3 NATIONAL SELECTION PANELS (SELECTORS)

The role of assessing athletes against the selection criteria is the responsibility of the respective selectors who are appointed by the SCA Board.

The Selectors consist of:

- The Coaching Director
- The Coach in each discipline
- The National Assistant Coach
- The National Team Physiotherapist
- One representative of the SCA Board.

The SCA Board will appoint a chairman of Selectors. In the case of unavailability or a conflict of interest the SCA Board will appoint a replacement Selector.

Each Selector will vote on athlete selection in line with the selection criteria objectives and without bias. If panel members cannot agree, the chairman will have the final selection decision.

2.4 AMENDMENT

These criteria and sub sections may be amended or supplemented, particularly where matters arise which have not been provided for in these criteria. All amendments must be approved by the SCA Board. If approved, SCA will notify in writing, any criteria amendment or supplement, and will endeavour to give as much notice as possible, to all persons affected by any such amendment or supplement.

2.5 APPEALS

There is no right of appeal to any athlete who is not selected under these criteria.

In the case of significant financial hardship, payment arrangements may be considered.

SPORT CLIMBING AUSTRALIA

5 VALIDITY OF MEMBERSHIP

With the exception of 3.2.i.3, ASCT membership is valid from the time of acceptance of offer of a team position until one month after the next selection event. In that one-month period, a member who joined the new team and was not part of the preceding year's international team can also register to international events if there are spots available. Priority will be given to the preceding year's team members.

6 DISCIPLINARY PROCEDURE

Once climbers have obtained a place on the ASCT (Youth or Open), they are expected and required to conduct themselves at all training events and competitions in a manner that befits an ambassador of the sport and in line with the code of conduct outlined by SCA. In addition, members are required, unless extenuating circumstances arise, to attend all specified National training camps and events as well as maintain a training program agreed upon by the National and State (or individuals) coaches. Failure to follow these guidelines will result in the issuing of a yellow card. Two yellow cards will mean the member is immediately **suspended from the ASCT** for a period of time, as decided by the national board.

In addition to this, athletes will be required to sign a code of conduct when they accept their place on the ASCT, as well as meet bench-mark standards at training events and regional competitions to ensure that athlete performance is being maintained throughout the year.

Athletes who are unable to maintain competitive standards at events will be given a yellow card. Athletes will then be expected to increase their competitive standard before the next event (training camp or regional competition). If these standards are not met for a second time, athletes may receive a red card and lose their place on the ASCT.
